

Two Lone routes up in Cheakamus Canyon.

**Drive;** Follow same directions as for Cheakamus canyon, drive past Conroy FSR, turn right at salt shed and park there by hwy. DO NOT BLOCK OR PARK NEAR SALT SHED.

**Approach;** Park by hwy walk up dirt road behind salt shed, follow past over grown Yellow gate, follow old road uphill towards power lines (heading North) continue until you crest the hill and are standing next to power line tower, look left after hydro tower to find flagging tape and follow trail to base of routes. So far only two routes exist here; the cliff is small but could be room for a couple more.

- 1.) **5.11c/d The Lone Ranger** – Left hand side of cliff, great quality rock and fun climbing up arête
- 2.) **5.12b/c No Longer Alone** – Great quality rock super fun, interesting engaging, climbing through centre of cliff.

THANKS TO THE SEA TO SKY ROUTE DEVELOPMENT FUND FOR THE HARDWARE
